April, 1985

Holysmokes! Now we've got **three** things of which we can be certain: Death, Taxes and the **20th Reunion!!!** As I calculate it by the sun (out here in fruitandnutland), we have only 60 days left before things start hoppin with DOC Trips to Moosilauke (how 'bout it **Zarts, Owens, Gruber**, and all you other chubbers!), talks on Admissions (or, "Why Your Daughter Got Turned Down..."), computer courses and a Reunion Row for anyone who hasn't had back surgery but wants it now (get your bodies down to the boat house **Williams, Southworth, Hopperstead, Opaskar, Harbaugh** and all the rest of you!)

You can see those silver-tongued devils in the Glee Club (the Dartmouth Aires...looking amazingly like the Injunaires...sang at Fullerton College in Orange County a couple of weeks ago; they told me that they'll be singing at the tents during reunion. It's a good reason to come to reunion - they're great...that close harmony will bring tears to your wrinkled eyes), get the straight scoop from the Prexy about why A D, Alpha Phi Alpha, Beta, Bones Gate, Chi Phi, D U, Kappa Sig and Sigma Nu are on probation for failing the new minimum standards code review...or anything else you might want to know about Dartmouth today (yes, Virginia, even about the athletic programs...).

And music...**HAVE WE GOT BANDS FOR YOU!!!**...look at the list at the end of this letter!

News from the College:

Tuition, room and board at Dartmouth for the new class of '89 will be \$14,680. That's about a 8.9% increase over current charges...and right in the middle of the Ivies. Do you realize how many plastic panels I'm going to have to sell if my kids get accepted???

And how about the Topliff-New Hampshire connector the college has agreed to build? They must have calmed those dorms down since our time...Putting Topliff and New Hamp together in 1963 would have caused a fission reaction...meltdown and all!

AROTC is back, approved by President McLaughlin over a 113 to 39 vote against by the Faculty of Arts and Sciences (but approved unanimously by the student assembly only 8 days later...). It seems to me that the military needs more **Bill Haydens** and **Ed Longs** providing the balance of perspective, not less!

Reunion Riddle:

What do you call twelve rabbits...all standing in a row...when they take *one step backwards*??? (answer later...)

News from the Class:

News from Cochrane, MA, from whence **Bill Rodman** writes. **Bill's** coming to the reunion and requests the presence of **Jack Stebe**, **Steve Nash** and **Roc Caivano** (who, I believe, has gone back to Philadelphia to get his architect's license...after winning several awards and losing no lawsuits that I know of...). **Bill** is engaged to marry **Mary Robb** and will bring her to reunion if you promise to be nice...

Mike Bromley, who is not coming to reunion (he can still change his mind...), writes in from Colorado Springs (110 Shoreham Ct, 80906) to say that he spent his 40th birthday sitting out a blizzard in a tent during the elk hunting season. **Mike** is the President of the recently-formed **Pikes Peak Dartmouth Club**, along with **Dick Harwood** ('68) and **Jim Flynn** ('67). They recently hosted a luncheon for President **McLaughlin** during his "western swing" before **Winter Carnival**. Wife **Rebecca** has just become an **El Paso County Court Judge**. **Mike** says he still manages to ski in spite of increasing age and senility (which has recently manifested itself in his preliminary decision not to be in Hanover in June...).

Bill Sprole (LtCol to you, hog) will be moving to Germany in June, so I guess we won't be seeing him and **Sue**. **Karen** may be there, she's been accepted on **Early Decision** to the Class of '89 at **Dartmouth**. Outstanding! **Bill**, **Sue**, **Karen** and **Jeff** (13) have spent 6 of the past 8 years with the **US Air Force** in Europe. **Bill** is presently assigned with the **HQ 3rd Air Force** at **Mildenhall, Suffolk, England** in the intelligence/reconnaissance business and flying on **RC-135s**. In Germany, he'll be **Director of Plans and Operations** for **Electronic Security Command** forces in Europe. **Sue** just got her **Master's** in counseling with the overseas division of **Boston University**. You can write to **Bill** at **Box 3707, APO New York 09127**.

Another no show will be **David Harris** (who threatens not to give any more money if I don't print what he writes...what do I care, **Dave**, you haven't given me a nickel over the years...), who now lives in **San Marcos, TX** (91 Willow Creek II 78666). **Dave** and **Helen** moved to **San Marcos** 1-1/2 years ago when the new 109 bed hospital opened there. **Dave** is pathologist at the hospital, half way between **Austin** and **San Antonio** in Texas' hill country. He writes that "it's a beautiful area, complete with a river that begins here at a huge springs, one with at least three unique animals and plants found nowhere else. There is a university with 19,000 students, with the town only 25,000 more, so no commuting hassles. All this and a guarantee of \$100,000 for the first good general surgeon, cardiologist, gastroenterologist, ophthalmologist and neurologist to apply (no, he says, plastics salesmen need not send resumes...board accredited types only)." Now **Dave** wanted this note to appear when all you northern types were still up to your armpits in snow (and who's to say they aren't, **Dave**... and what about the mud season???) **Dave** writes that "Helen is studying German for next summers' return in June...Enon, his 13 year old is almost as lazy as **Dave** was at that age, while **Noah**, 11, is busy with his bike (sounds like boys). **Morgan**, their daughter of 9 is crazy about probability and statistics (just you wait...). That's it. Now are you going to send me some payola for this **San Marcos Resort** recruiting advertisement??? Let's see, at \$200 per column inch/times 4 columns...).

real surprise party, with debauchery and many great friends (good grief, what if his wife hears of it?).

Ed Brown :with my wife.

 Gary Bryson :with my wife & children 12 & 9.

Halsey Bullen :with my wife & children 8 & 6 will be in Hanover, coming up from Westport CT (5 Nappa Drive 06880). **Halsey** returned to the east some time ago from 12 years in the San Francisco Bay area and he and Isabel will be looking forward to checking out all the new Apples in the dorms, visiting the Corinthian Yacht Club (scene of magnificent triumphs and ignominious defeats...) and sipping a few in the tent. Good middle name, guy.

Erv Burckholder :with my wife & children 10 & 7.

Neil "Doc" Castaldo :with my wife & children 9 & infant. **Doc Castaldo** is on the "Saturday Night Committee (along with Belushi?) with Jay Regan '64 and Tim McLaughlin '65. **Doc** and the others have succeeded in getting the entertainment for Saturday night. They'll take you back, believe me!

Henry Clapper :with my wife & children 12, 9 & 5.

Jon Colby with children 14 & 8 will be coming from Glenbeulah, WI (doesn't sound like you need a street address there, **Jon**). Now outside of newsletters, I don't correspond with **Jon**...I never even spent a night in jail with him... but I do see him at a few trade shows, the most recently in Atlanta. I tell **Jon** how great he looks; he tells me how trim I look, and we get along just great...For **Jon's** 40th Birthday, he water-skied across Lake Michigan and that proves that he may be as tough as he looks. As for me, well...Magoo's coming, **Jon**. And she's just as trim as she ever was...

We all need time to talk about what we're going to do when we grow up (when I grow up, **Gus**, I am moving back to Northeast Harbor, Maine year round and nuts to this part of the country...). **Gus** is looking forward to professors Starzinger, Segal and Smallwood at the reception.

Robert Knight :with my wife
 William Raino :with my wife & children 18, 11, & 14.
 Jerry LaMontagne :with my wife & children 12, 11 & 8.

Hector Motroni :with my wife & children 12 & 8.

Hector and **Steve Lanfer** both will be at reunion, but, to use the old saw "you won't have them to kick around any more." Seriously, both of our classmates have presided over the Alumni Fund for the Class of '66 during a time when participation has gone from 47% to 63%. Total giving has risen from \$39,000 to \$91,000, and the generosity of the class towards Dartmouth truly has been manifested.

Reunion marks the time for the baton to be passed to a new group of classmates who can continue to take '66 on to higher achievements. I personally hope that all of us will be able to not only be in Hanover on June 14-15-16, but also contribute to the achievement of our \$100,000 reunion gift goal.

Round of snaps for **Hector** and **Steve**...and let's hear it for **Peter Dole** (let's hear the sound of pen moving across check...and matching gift form, too.)

Robert Nash :with my wife & children 14, 10 & 3.
 Richard Naylor :with my wife & child. Work on Egon, will you Nails!
 Peter Orbanowski :with my wife & children 11 & 9.

 Peter Richardson :with my wife & children 2, 1 & 1.
 Steve Samaha :with my wife & children 10 & 9.
 Stuart Schweizer :with my wife & children 15, 13 & 8.

More news from the College:

From the Daily "D": "After a year's hiatus, the Winter Carnival pie-eating contest has returned. Teams of three members can register in Collis. The winning team of the contest, which will be held at 1 Friday at Collis, will receive cash prizes..." (honest).

More from the "D" (in the Why THEM category: "the only woman contributing editor for Playboy magazine visited Hanover in February to write an article on Psi Upsilon fraternity. After studying colleges from all over the eastern part of the United States to find the most "Greek" school in the East, Dartmouth was chosen. (But why Psi U? you ask...)...Carroll chose to write her story on the elite, what everybody else in the United States has in mind when they think of the ideal fraternity... (whew...air check!). The article states that she planned to do half of the article on Bones Gate and the other on Psi U, but ...decided to focus on only the latter (well, thanks be for small blessings...)

More "D": *Round the girdled earth they roam...* chosen to attend the World University Games in Cortina are alpine skiers Eva Pfosi '88, Jory Macomber '85, Chen Morgan '86; Dennis McGrane '84 & Landis Arnold '84, jumpers and Leslie Thompson '86 in cross country. Dartmouth's alpine coach Mark Ford was chosen as part of the Games' coaching staff. Also representing the U.S. are Glen Eberle '85, Willy Cavow '80 and Jon Underwood '86. Eberle and Cavow were at the World Biathlon Championships in Ruholding...Talk about using your LSA (language study abroad) to good purpose!

 Bill Viar :with my wife.

George Vincent :with my wife & children 15 & 11. Jay wrote in from Wilamette Illinois (630 Greenleaf Ave 60091), where he has 1) talked to Jon Colby recently (he's coming, see above), 2) read "Poisoned Ivy" recently and actually agreed with some of its points...do did and have I, Jay, 3) skied at Vail again, 4) moved to President and CEO of CP Hall Company (plastics, my boy...), 5) is still happily married (how does Andrea put up with him???) and 6) is feeling forty. Jay wants to see the Chemistry Department when he comes back for reunion, as well as the hockey arena and the Tabard Black Beauty Tap System...he's looking to see professors Schafer, Stockmayer, Wolfenden and Sleznick at the reception. In the tent...well, how about G-Bear, Twig, Arp, Little Wire, Zoo Man, JB & GJ. Better leave Andrea home, fella.

Reunion Riddle Answered: See next page..

What do you call twelve rabbits...all standing in a row...when they take *one step backwards*??? **A RECEDING HARELINE**... (and you'll see a few of those to go with yours if you come to the 20th...)

Gary Jefferson :with my wife & child 1-1/2.

 Roy Yeffee :with my wife.

We're going to have some crowd, **Albie** tells me. Reports as of this writing indicate that our class is probably going to break ALL RECORDS FOR ATTENDANCE! So far, 155 confirmed...the record is 213. With wives and families, the crowd stands at over 550 already! Let's go for it.

Since we already had to find different quarters for Saturday night to hold the crowds, here's the musical entertainment for the evening:

BOBBIE LEWISof "Tossin and Turnin'" fame

THE DOVELLSyou got it: "The Bristol Stomp"

THE TOKENSin the jungle....."The Lion Sleeps Tonight"
 (but not in the tent...)

THE MARVELETTES "Please, Please Mr. Postman" (no more increases...)

THE COASTERS "Charlie Brown" "Yackety Yak"

Some thoughts in pertine:

1. Fill out the enclosed form and send it to **Albie MacDonald** if you haven't already done so.
2. Fill out the back of this page and send it to me...it'll give everyone something to read...remember, they don't send out the Sears catalogs free any more.
3. Make your travel reservations now. Flights for June travel are filling up fast. Magoo and I have to come into Boston at 11:30PM on Thursday...through St. Louis, of all places (well, it was the best rate Puroiator would give us...)
4. Call a classmate. Don't see someone on this list you want to see? Call them, we all like a good roadtrip.

Should be a good time. See you...by the light of many thousand sunsets.
